

NOTICE OF WORK

California Department Of Transportation
District 8 - 464 West 4th Street San Bernardino, CA 92401-1400

07-063

Date: March 1, 2007

Notice of Work on State Route 62 (Colorado River Bridge)

- WHO:** Caltrans District 8, Geotechnical Branch
- WHAT:** Test drilling on the Colorado River Bridge
- WHERE:** On State Route 62 (SR-62) on the Colorado River Bridge at the California/Arizona State Line
- WHEN:** Work begins in mid-to-late March 2007 and will take approximately six (6) weeks. Schedule information will be released when finalized.
- WHY:** To prepare for future Caltrans work on the Colorado River Bridge

Traffic handling plan during work:

One of two lanes will be closed on the bridge during work hours for the duration of the project. Reversible traffic control (flagging) will be used to move vehicles through the construction area. The work is expected to take place during daytime hours.

Boating handling plan during work:

Some of the test drilling will affect boating traffic on the Colorado River. Boaters are advised to read and follow any posted signs for water traffic under the Colorado River Bridge during the work period

Please call Caltrans Office of Public Affairs at (909) 383-4631 for additional information.
